

1. Write a HTML program to produce the following output:

Nested Table 2 Column 1 Column 2 Our First Table Nested Within	Nested Table 2 <ul style="list-style-type: none">• List Object 1• List Object 2• List Object 3
Nested Table 3 <u>Nested Table</u> Demo Continued	Nested Table 4 

2. Write a HTML program to design the class timetable for IV CSE D as given in the PDF file
3. Write a HTML program to use the concept of image maps. Description is given below:

Printer	A printer is an external hardware output device that takes the electronic data stored on a computer or other device and generates a hard copy of it.
Speakers	Computer speakers, or multimedia speakers, are speakers sold for use with computers, although usually capable of other audio uses
Monitor	A computer monitor is an output device that displays information in pictorial form. A monitor usually comprises the display device, circuitry, casing, and power supply.
CPU	Central processing unit (CPU) is the central component of the Computer System. Sometimes it is called as microprocessor or processor. It is the brain that runs the show inside the Computer.
Keyboard	A computer keyboard is one of the primary input devices used with a computer. Similar to an electric typewriter, a keyboard is composed of buttons that create letters, numbers, and symbols, as well as perform other functions.
Mouse	A computer mouse is a hand-held pointing device that detects two-dimensional motion relative to a surface. This motion is typically translated into the motion of a pointer on a display, which allows a smooth control of the graphical user interface.

4. Write a HTML program to design a form. Also include Submit and Reset buttons.
Assume the form to have 4 different frames.

<input type="radio"/> Id <input checked="" type="radio"/> Passport		Number	<input type="text"/>	Passport exp. date	<input type="text"/>	Passport country	<input type="text"/>
Title	<input type="text"/>	First Name	<input type="text"/>	Last Name	<input type="text"/>		
Demo-Car ID	<input type="text"/>	Company Card no.	<input type="text"/>	Birth date	<input type="text"/>		
License country	<input type="text"/>	Issue Date	<input type="text"/>	IATA	<input type="text"/>		
Driver license no.	<input type="text"/>	Exp. date	<input type="text"/>	Phone 1	<input type="text"/>		
Address		<input type="text"/>		Phone 2	<input type="text"/>		
City/State		Zip	<input type="text"/>	Fax 1	<input type="text"/>		
		Country	<input type="text"/>	SMS Number	<input type="text"/>		
Employer	<input type="text"/>	Customer source type	<input type="text"/>	E-mail	<input type="text"/>		
Local Address		<input type="text"/>		Local Phone	<input type="text"/>
